

Sweet Clover School

Parental Support & Education

Parent Evenings and Workshops

Special evenings and workshops for parents are scheduled into the course of the year; some aspects of life at Sweet Clover School and child growth and/or development are presented along with sharing in ways in which home life and what happens at Sweet Clover School can be mutually supportive.

Parent Check Ins

We believe that clear, open, honest communication is imperative to the health of each child and the class as a whole.

Teachers will be calling parents periodically to check in. This is an opportunity for the teachers to share stories and your child's individual progress. Additional check ins between parents and teachers can be scheduled anytime if needed.
